## DIRECTORS' REPORT

Your directors submit their report on the consolidated entity (referred to hereafter as the Group) which consists of Middle Island Resources Limited and the entities it controlled at the end of, or during, the year ended 30 June 2021.

### DIRECTORS

The names and details of the Company's directors in office during the year and until the date of this report follow. Each Director was in the office for this entire period unless otherwise stated.

#### Names, qualifications, experience and special responsibilities

##### **Peter Thomas**, (Non-Executive Chairman)

Mr Thomas was a practising solicitor from 1980 until June 2012 specialising in the provision of a wide range of corporate and commercial advice to explorers and miners. His exposure (variously as legal practitioner, corporate advisor and director – both oil & gas and hard rock) has extended to operations in the USA, UAE, NZ, Africa and South America. Since the mid-1980s, he has served on the boards of various listed companies. He was the founding chairman of both copper producer Sandfire Resources NL and mineral sands producer Image Resources NL. He is currently also non-executive director of ASX-listed Image Resources NL and Emu NL.

##### **Bradley Marwood**, (Temporary part-time Executive Director from 13 July 2021, Non-Executive Director during the financial year and thereafter until 13 July 2021)

Mr Marwood is a mining engineer and a highly experienced resources executive with more than 30 years of experience. He was instrumental in bringing into production the copper mines at Kipoi (DRC) and Rapu Rapu (Philippines); completing development of the Svartliden gold mine (Sweden) and has managed numerous Feasibility Studies and advanced stage resource projects in Australia, Africa, North America and Asia.

He has worked in senior roles for groups such as Normandy, Dragon Mining, Lafayette, Moto Goldmines and Perseus Mining before his most recent as Managing Director of Tiger Resources Limited. Mr Marwood's involvement has seen growth in several companies with a significant increase in their market capitalisation and by protecting investments through restarting suspended mine projects. He is currently the managing director of ASX-listed Consolidated Zinc Limited.

##### **Bruce Stewart**, (Non-Executive Director, appointed 13 July 2021)

Mr Stewart has been involved with global capital markets for 30 years, with an emphasis on mining and hard assets. His experience includes co-heading a global hard asset desk in New York City for Jefferies & Co, directorships on London listed mining companies, company reorganisation and sale, and various consultancy assignments from funds, investment banks and public and private companies.

**Richard Yeates** was managing director during the financial year and thereafter until the position was made redundant on 13 July 2021.

**Beau Nicholls** was a non-executive director from the beginning of the financial year until 31 January 2021.

**Dennis Wilkins** was an Alternate Director for Beau Nicholls from the beginning of the financial year until 31 January 2021.

## DIRECTORS' REPORT (CONTINUED)

### COMPANY SECRETARY

**Dennis Wilkins**, B.Bus, AICD, ACIS

Mr Wilkins is the founder and principal of DWCorporate Pty Ltd, a private corporate advisory firm servicing the natural resources industry.

Since 1994, he has been a director of, and involved in the executive management of, several publicly listed resource companies with operations variously in Australia, PNG, Scandinavia and Africa. From 1995 to 2001, he was the Finance Director of Lynas Corporation Ltd during the period when the Mt Weld Rare Earths project was acquired by the group. He was also an advisor to Atlas Iron Limited at the time of Atlas' initial public offering in 2006.

Since July 2001, Mr Wilkins has been running DWCorporate Pty Ltd, where he advises on the formation of, and capital raising for, emerging companies in the Australian resources sector.

Mr Wilkins is currently a director of ASX-listed Key Petroleum Limited.

### Interests in the shares and options of the Company and related bodies corporate

As at the date of this report, the relevant interests of the directors in the shares and options of Middle Island Resources Limited were:

	Ordinary Shares	Options over Ordinary Shares
Peter Thomas	1,290,327	1,151,633
Brad Marwood	789,477	-
Bruce Stewart	-	-

### PRINCIPAL ACTIVITIES

During the year, at Sandstone, the Group carried out exploration on its tenements and completed a feasibility study with a view to recommissioning the Company's 100% owned processing plant. To the same end, the Company pursued opportunities to amalgamate resources proximal to the plant.

At Barkley, the Company made applications for further tenure, carried out a field visit and undertook desktop studies whilst considering spinning that asset out via a demerger process but deferred the same in light of the disappointing FS result and certain negative shareholder feedback on the proposal.

The Group reserves the right to follow up leads on a commodity agonistic basis and globally where the Board considers that doing so may add value.

### DIVIDENDS

No dividends were paid or declared during the year. No recommendation for payment of dividends has been made.

### FINANCIAL REVIEW

#### Finance Review

During the year, the Company raised \$825,000, before costs, from the issue of 44,345,000 (pre-consolidation) fully paid ordinary shares from placements, and a total \$4,828,702 from the issue of 26,985,502 (post-consolidation equivalent) fully paid ordinary shares upon the exercise of unlisted options. Revenue from tribute production and gold sales of nil (2020: \$14,756) was received, and other income was generated from the sale of mining interests, reimbursement of expenditure on mining interests, sale of property, plant and equipment and rental of accommodation of \$366,252 (2020: \$98,416). The Group also received government COVID-19 cashflow boost grants of \$102,175 (2020: \$67,811) during the year.

## DIRECTORS' REPORT (CONTINUED)

During the year, total exploration expenditure incurred by the Group amounted to \$5,300,921 (2020: \$2,352,412). In line with the Group's accounting policies, all exploration expenditure, other than acquisition costs, were written off as they were incurred. Other expenditure incurred, net of administration related revenue, amounted to \$1,988,676 (2020: \$1,003,308). This resulted in an operating loss after income tax for the year ended 30 June 2021 of \$6,821,170 (2020: \$3,174,737).

At 30 June 2021, cash assets available totalled \$3,247,637.

### Operating Results for the Year

Summarised operating results are as follows:

	2021	
	Revenue	Loss
	\$	\$
Revenue and loss for the year from ordinary activities before income tax expense	473,903	(6,821,170)

### Shareholder Returns

	2021	2020
Basic loss per share (cents)	(5.8)	(5.3)

### Risk Management

The board is responsible for ensuring that risks and opportunities, are identified on a timely basis and that activities are aligned with the risks and opportunities identified .

The Group believes that it is crucial for all board members to be a part of this process, and as such, the board has not established a separate risk management committee. Where appropriate, the board enlists the support of other suitably qualified professionals to join board committees.

The board has mechanisms in place to ensure that management's objectives and activities are aligned with the risks identified by the board. These mechanisms include the following:

- Board approval of a strategic plan, which encompasses strategy statements designed to meet stakeholders' needs and manage business risk.
- Implementation of board approved operating plans and budgets and board monitoring of progress against these budgets.
- A risk matrix designed to identify and quantify the various risk factors and implement mitigating strategies accordingly.
- Regular review of management's activities and the Company's circumstances.
- Continuing review of capital and resources market sentiment.
- Continuing review of economic trends and circumstances

### SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

Other than as disclosed in this Annual Report, no significant changes in the state of affairs of the Group occurred during the financial year.

### SIGNIFICANT EVENTS AFTER THE BALANCE DATE

During July 2021 the Company announced that the position of Managing Director had become redundant. Mr Rick Yeates ceased serving as a director and employee of the Company on 13 July 2021 when Mr Bruce Stewart was appointed as a non-executive director and, on a temporary part-time basis, Mr Brad Marwood assumed executive duties.

## **DIRECTORS' REPORT (CONTINUED)**

The Group continues to pursue opportunities to realise a return from its Sandstone assets by continuing to explore the project's potential to deliver new discoveries and seeking to amalgamate proximal holdings and resources through acquisitions and/or corporate activity.

No matters or circumstances, aside from those disclosed above, have arisen since the end of the year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

### **LIKELY DEVELOPMENTS AND EXPECTED RESULTS**

With the disappointing and marginally economic result reflected by the feasibility study, the Group stepped back from its primary focus being to extend and enhance the proposed gold production profile for the Sandstone Project in order to recommission its processing plant at the earliest opportunity. That said, the Board still has faith in gold and believes the project represents a strategic pillar of the clear case for consolidation of resources within trucking distance of the Company's mill with capacity to produce bullion within months at low capital cost.

The exciting Barkley Project will be progressed with plans afoot to complete some aerial surveys and drilling this calendar year but no assurance is given that drilling will be possible this year. The Company is cautiously optimistic that its holding in the Barkly Basin will prove the envy of other holders in the region with it already having identified surface expressions of copper which are best explained by there being a primary source within the Company's holding. Further, access to likely drill targets immediately off the highway leads to the obvious conclusion that the Company's drilling endeavours will not be beset by the logistical barriers confronting and imposing very significant cost impacts upon the Company's competitors.

The Company will continue to review projects globally with a view to identifying potential value add mineral asset acquisitions.

### **ENVIRONMENTAL REGULATION AND PERFORMANCE**

The Group is subject to significant environmental regulation in respect to its activities.

The Group aims to ensure the appropriate standard of environmental care is achieved, and in doing so, that it is aware of and is in compliance with all environmental legislation. The directors of the Company are not aware of any breach of environmental legislation for the year under review.

### **REMUNERATION REPORT**

The information provided in this remuneration report has been audited as required by section 308(3C) of the *Corporations Act 2001*.

#### **Principles used to determine the nature and amount of remuneration**

##### ***Remuneration Policy***

The remuneration policy of Middle Island Resources Limited, which in the year under review was sublimated, to significant degree, to constraints imposed by shareholder sentiment, is intended to align key management personnel objectives with shareholder and business objectives by providing a fixed remuneration component and offering, variously, short-term and long-term securities incentives. The board's policy is to design remuneration with a view to attracting and retaining suitable key management personnel to run and manage the Group.

The remuneration policy, setting the terms and conditions for the executive directors and other senior executives (if any), was developed by the board and evolves as circumstances require. All executives receive a base salary (based on factors such as experience), superannuation and, possibly, a package of equity incentives in the Company. The board reviews each executive package as and when it considers it appropriate to do so in accordance with its remuneration policy and by reference to the Group's fiscal wherewithal, performance, the executive's performance and comparable information from industry sectors and other listed companies in similar circumstances.

## **DIRECTORS' REPORT (CONTINUED)**

The board may exercise discretion in relation to approving incentives, bonuses and options. The policy is to design remunerative packages that reward executives for performance which results in long-term growth in shareholder wealth. The result can be that shareholder sentiment is tested in general meeting or, in deference to expressed and perceived shareholder sentiment, otherwise proposed and preferred remunerative emoluments are not put to shareholders and thus not provided to employees.

The executive director and any other executives receive the superannuation guarantee contribution required by the government of Australia, which was 9.5% for the 2021 financial year but are not entitled to receive other retirement benefits.

All remuneration paid to directors and executives is "valued" at the cost to the Group and expensed. Options are ascribed a "fair value" in accordance with Australian Accounting Standards using a methodology such as Black-Scholes. The board does not accept that the "fair value" necessarily represents market or realisable value. Rather, the board uses a commonly accepted methodology purely for the purposes of complying with the Australian Accounting Standards.

The board's policy is to remunerate non-executive directors at market rates for comparable companies, for time, commitment and responsibilities, albeit it is thought all non-executive directors are currently remunerated below or at the lower end of the market rate range (most certainly that is the case insofar as equity remuneration is concerned with performance rights canvassed with a representative of certain shareholders reflecting an adverse result could be anticipated if shareholder approval of performance rights was sought). The board determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties, special exertion services and accountability. Independent external advice is sought as and when required. The maximum aggregate amount of fees that can be paid to non-executive directors is, subject to change with the approval of shareholders in general meeting, currently \$300,000. Fees for non-executive directors are not linked to the performance of the Group. However, to align directors' interests with shareholder interests, the directors are encouraged to hold shares in the Company and, subject to shareholder approval in general meeting, may be offered participation in employee equity arrangements.

### ***Performance based remuneration***

The Group policy allows the use of performance-based remuneration, to attract and motivate employees, in the form of options; more recently share plans have been considered. Where utilised, equity remuneration may be issued but not vest until certain hurdles have been met where the hurdles are directed at advancing the Company towards its objectives potentially within prescribed periods.

### ***Company performance, shareholder wealth and key management personnel remuneration***

No direct relationship exists between key management personnel remuneration and Group performance (including shareholder wealth).

### ***Use of remuneration consultants***

The Group did not employ the services of any remuneration consultants during the financial year ended 30 June 2021.

### ***Voting and comments made at the Company's 2020 Annual General Meeting***

The Company received approximately 99.3% of "yes" votes on its remuneration report for the 2020 financial year.

## DIRECTORS' REPORT (CONTINUED)

### Details of remuneration

Details of the remuneration of the directors and the key management personnel of the Group are set out in the following table.

#### Key management personnel of the Group

Directors	Short-Term		Post-Employment		Share-based	Total
	Salary & Fees	Non-Monetary	Superannuation	Retirement benefits	Payments	
	\$	\$	\$	\$	\$	\$
Peter Thomas <sup>(1)</sup>						
2021	<b>60,230</b>	-	<b>5,722</b>	-	-	<b>65,952</b>
2020	40,487	-	3,846	-	-	44,333
Richard Yeates						
2021	<b>250,000</b>	-	<b>23,750</b>	-	-	<b>273,750</b>
2020	216,667	-	20,583	-	-	237,250
Brad Marwood <sup>(2)</sup>						
2021	<b>40,000</b>	-	-	-	-	<b>40,000</b>
2020	17,504	-	1,663	-	-	19,167
Beau Nicholls <sup>(3)</sup> (resigned 31 January 2021)						
2021	<b>21,282</b>	-	<b>2,022</b>	-	-	<b>23,304</b>
2020	28,919	-	2,747	-	-	31,666
Dennis Wilkins <sup>(4)</sup> (resigned 31 January 2021)						
2021	-	-	-	-	-	-
2020	-	-	-	-	-	-
<b>Total key management personnel compensation</b>						
2021	<b>371,512</b>	-	<b>31,494</b>	-	-	<b>403,006</b>
2020	303,577	-	28,839	-	-	332,416

(1) In addition to his director fees disclosed in the table above, Mr Thomas was paid \$6,000 (2020: \$3,000) for the provision of but some of the special exertion services provided by him to the Group during the year. The amounts paid were at less than usual commercial rates.

(2) Refer note 15(b)(2), \$30,000 of Mr Marwood's director fees were settled by the issue of securities following shareholder approval obtained at the Annual General Meeting of the Company held on 26 November 2020. The balance of fees represents amounts accrued with a view to settling the same via a similar security issue mechanism. The settlement by the issue of securities has resulted in a net loss of \$75,000 for accounting purposes as a consequence of the increase in the value of the Company's shares between the time of Mr Marwood's appointment and the grant date of the securities.

(3) During the period Mr Nicholls was a member of KMP. In addition to his director fees, disclosed in the table above, he was paid a total of \$11,200 (via Sahara Operations (Australia) Pty Ltd (**Sahara**) (2020: \$41,440 paid to E2M Ltd), a business controlled or jointly controlled by Mr Nicholls). Sahara (2020: E2M Ltd) provided geological consulting services to the Group during the year. The amounts paid were at usual or below commercial rates with fees charged on an hourly basis.

(4) Mr Wilkins was not remunerated for his role as alternate director, however, a total of \$119,015 (2020: \$194,716) was paid to DWCorporate Pty Ltd, a business of which Mr Wilkins is principal, during the period Mr Wilkins was an alternate director. DWCorporate Pty Ltd provided company secretarial, corporate advisory and accounting services to the Group during the year. The amounts paid were at usual commercial rates with fees charged on an hourly basis.

## DIRECTORS' REPORT (CONTINUED)

### Service agreements

*Richard Yeates, Managing Director:*

- Term of agreement – commenced 2 March 2010 and continued until terminated when the position of Managing Director was made redundant on 13 July 2021.
- Annual salary was initially (2010) \$300,000 excluding superannuation; reduced to \$200,000 from 1 February 2014, and further reduced to \$180,000 on 1 July 2014; increased to \$210,000 on 1 July 2018, and further increased to \$250,000 from 1 May 2020.
- The agreement could be terminated by the Company giving 12 months' written notice or by Mr Yeates giving 3 month's written notice (shorter notice periods applied in the event breach of contract by either party). No benefits are payable on termination other than entitlements accrued to the date of termination.

*Dennis Wilkins, Alternate Director until 31 January 2021 and Company Secretary:*

- Term of agreement – Commenced 17 March 2010 and continuing until terminated in writing by either party.
- Mr Wilkins' firm, DWCorporate Pty Ltd, is engaged to provide company secretarial, corporate advisory and accounting services. Fees are charged on an hourly basis, and all amounts are disclosed in the remuneration table above.

None of the other directors had service agreements in place during the year.

### Share-based compensation

Options may be issued to key management personnel as part of their remuneration. The Group has a formal policy in relation to the key management personnel limiting their exposure to risk in relation to the securities which actively discourages key management personnel from granting mortgages over securities held in the Group.

No options were granted to and none vested in any key management personnel during the year.

No ordinary shares in the Company were issued as a result of the exercise of remuneration options during the year.

### Equity instruments held by key management personnel

#### *Direct and indirect interests in options over ordinary shares*

	Balance at start of the year	Granted as compensation	Exercised	Other changes (2)	Balance at end of the year	Vested and exercisable	Unvested
<b>Directors of Middle Island Resources Limited</b>							
Peter Thomas	26,487,500	-	-	(25,335,867)	1,151,633	1,151,633	-
Richard Yeates	56,232,081	-	-	(53,787,205)	2,444,876	2,444,876	-
Brad Marwood	8,078,977	-	(8,078,977)	-	-	-	-
Beau Nicholls	17,025,000	-	-	(16,013,041) <sup>(3)</sup>	1,011,959 <sup>(1)</sup>	-	-
Dennis Wilkins	-	-	-	-	-(1)	-	-

(1) Balance held at date of resignation, 31 January 2021.

(2) Other changes represent the decrease upon the 23 for 1 consolidation approved by shareholders at the Annual General Meeting held on 26 November 2020 (2020 AGM) with an effective date of 7 December 2020.

(3) Includes the acquisition (pre-consolidation) of 6,250,000 free attaching options (exercise price \$0.0079 (adjusted to \$0.1771 post consolidation), expiring 31 January 2022) as approved by shareholders at the 2020 AGM.

## DIRECTORS' REPORT (CONTINUED)

### Direct and indirect interests in ordinary shares

	Balance at start of the period	Received during the period on the exercise of options	Other changes during the period <sup>(2)</sup>	Balance at end of the period
<b>Directors of Middle Island Resources Limited</b>				
<b>Ordinary shares</b>				
Peter Thomas	29,677,500	-	(28,387,173)	1,290,327
Richard Yeates	95,196,243	-	(91,057,274)	4,138,969
Brad Marwood	8,078,977	-	<sup>(3)</sup> (7,289,500)	789,477
Beau Nicholls	21,075,000	-	<sup>(4)</sup> (19,886,955)	<sup>(1)</sup> 1,188,045
Dennis Wilkins	1,166,667	-	(1,115,942)	<sup>(1)</sup> 50,725

(1) Balance held at date of resignation, 31 January 2021.

(2) Other changes represent the decrease upon the 23 for 1 consolidation approved by shareholders at the 2020 AGM with an effective date of 7 December 2020.

(3) Includes the acquisition (pre-consolidation) of 7,500,000 shares pursuant to a resolution that was approved by shareholders at the 2020 AGM to issue 7,500,000 Redeemable Converting Shares (RC Shares) to Mr Brad Marwood, a Director of the Company, in lieu of directors' fees for the period 2 December 2019 to 1 December 2020 to the value (as at the date his conditional entitlement arose) of \$30,000. The RC Shares were issued to Mr Marwood on 27 November 2020. On 2 December 2020, the RC Shares converted into fully paid ordinary shares.

(4) Includes the acquisition (pre-consolidation) of 6,250,000 shares pursuant to the placement approved by shareholders at the 2020 AGM.

### Loans to key management personnel

There were no loans to key management personnel during the year.

### Other transactions with key management personnel

DWCorporate Pty Ltd, a business of which Mr Wilkins is principal, provided company secretarial and corporate advisory services to the Middle Island Group during the year. The amounts paid were on arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Wilkins' compensation for the period that Mr Wilkins was a member of KMP.

Quenda Investments Pty Ltd ("Quenda"), a company of which Mr Yeates is a director and shareholder, lent securities it held in Middle Island Resources Limited to the provider of a controlled placement facility during the current reporting period for which Quenda was paid a stock borrow fee of \$4,500 for the year ended 30 June 2021 (2020: \$6,000). The amounts paid were on arms' length commercial terms. At 30 June 2021 there was nil (2020: \$500) owing to Quenda Investments Pty Ltd.

In addition to his director fees, Mr Thomas was paid \$6,000 (2020: \$3,000) for the provision of some of the special exertion services he provided to the Group during the year. The amounts paid were less than which would have been payable on arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Thomas' compensation. At 30 June 2021 there was nil (2020: nil) owing to Mr Thomas for the provision of the remaining special exertion services as no invoice for the same was then submitted to the Group.

In relation to Mr Nicholls, in addition to his director fees, a total of \$11,200 was paid to Sahara (2020: \$41,440 paid to E2M Ltd), a business controlled or jointly controlled by Mr Nicholls. Sahara (2020: E2M Ltd) provided geological consulting services to the Group during the year. The amounts paid were on terms more favourable to the Company than arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Nicholls' compensation for the period that Mr Nicholls was a member of KMP. At 30 June 2021 there was nil owed to Sahara (2020: \$6,560 owed to E2M Ltd) for the provision of geological consulting services.

### End of audited section

## DIRECTORS' REPORT (CONTINUED)

### DIRECTORS' MEETINGS

During the year, the Company held ten meetings of directors. The attendance of directors at meetings of the board and committees were:

	Directors Meetings		Committee Meetings		Remuneration	
	A	B	A	B	A	B
Peter Thomas	10	10	1	1	-	-
Richard Yeates	9	10	*	*	-	-
Brad Marwood	10	10	1	1	-	-
Beau Nicholls (resigned 31 January 2021)	7	7	-	1	-	-
Dennis Wilkins (alternate for Beau Nicholls, resigned 31 January 2021)	7	7	1	1	*	*

A – Number of meetings attended.

B – Number of meetings held during the time the director held office during the year.

\* – Not a member of the relevant committee.

### SHARES UNDER OPTION

Unissued ordinary shares of Middle Island Resources Limited under option at the date of this report are as follows:

Date options issued	Expiry date	Exercise price (cents)	Number of options
18 November 2018	8 November 2021	68.77	1,304,349
18 January 2019, 26 November 2019 & 14 April 2020	31 January 2022	18.17	9,989,324
19 February 2020, 21 February 2020, 14 April 2020 & 27 November 2020	31 January 2022	17.71	10,317,990
<b>Total number of options outstanding at the date of this report</b>			<b>21,611,663</b>

No person entitled to exercise any option referred to above has or had, by virtue of the option, a right to participate in any share issue of any other body corporate.

### INSURANCE OF DIRECTORS AND OFFICERS

During or since the financial year, in accordance with each director's Deed of Indemnity, Insurance and Access with Middle Island Resources Limited, the Group has paid premiums insuring all the directors of Middle Island Resources Limited against all liabilities incurred by the director acting directly or indirectly as a director of the Company to the extent permitted by law, including legal costs incurred by the director in defending proceedings, provided that the liabilities for which the director is to be insured do not arise out of conduct involving a wilful breach of the director's duty to the Company or a contravention of sections 182 or 183 of the *Corporations Act 2001*.

The total amount of insurance contract premiums paid is \$15,776.

## DIRECTORS' REPORT (CONTINUED)

### NON-AUDIT SERVICES

The following details any non-audit services provided by the entity's auditor, Elderton Audit Pty Ltd or associated entities. The directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- All non-audit services have been reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor;
- None of the services undermine the general standard of independence for auditors.

Elderton Audit Pty Ltd and associated entities received or are due to receive the following amounts for the provision of non-audit services:

	2021	2020
	\$	\$
Taxation compliance services	4,500	2,900

### PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

No proceedings have been brought or intervened in on behalf of the Company with leave of the Court under section 237 of the *Corporations Act 2001*.

### AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 11.

Signed in accordance with a resolution of the directors.

**Brad Marwood**  
Executive Director  
Perth, 30 September 2021

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below. The financial statements are for the consolidated entity consisting of Middle Island Resources Limited and its subsidiaries. The financial statements are presented in Australian currency. Middle Island Resources Limited is a company limited by shares, domiciled and incorporated in Australia. The financial statements were authorised for issue by the directors on 30 September 2021. The directors have the power to amend and reissue the financial statements.

#### (a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board and the *Corporations Act 2001*. Middle Island Resources Limited is a for-profit entity for the purpose of preparing the financial statements.

##### (i) Compliance with IFRS

The consolidated financial statements of the Middle Island Resources Limited Group also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

##### (ii) New and amended standards adopted by the Group

The Group has adopted all the new, revised or amending Accounting Standards and Interpretations issued by the AASB that are relevant to its operations and effective for the current annual reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these standards.

##### (iii) New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2021 reporting periods and have not been early adopted by the Group. The Group's assessment of the impact of these new standards and interpretations is that they are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

##### (iv) Historical cost convention

These financial statements have been prepared under the historical cost convention, except for certain financial assets and liabilities measured at fair value.

#### (b) Principles of consolidation

##### (i) Subsidiaries

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Middle Island Resources Limited ("Company" or "parent entity") as at 30 June 2021 and the results of all subsidiaries for the year then ended. Middle Island Resources Limited and its subsidiaries together are referred to in these financial statements as the Group or the consolidated entity.

Subsidiaries are all entities (including special purpose entities) over which the Group has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases. A list of controlled entities is disclosed in note 22 to the financial statements.

The acquisition method of accounting is used to account for business combinations by the Group.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss and other comprehensive income, statement of changes in equity and statement of financial position respectively.

#### *(ii) Changes in ownership interests*

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of Middle Island Resources Limited.

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, jointly controlled entity or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a jointly controlled entity or associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

#### **(c) Segment reporting**

An operating segment is defined as a component of an entity that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the full Board of Directors.

#### **(d) Foreign currency translation**

##### *(i) Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Australian dollars, which is Middle Island Resources Limited's functional and presentation currency.

##### *(ii) Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss. They are deferred in equity if they are attributable to part of the net investment in a foreign operation.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *(iii) Group companies*

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- income and expenses for each statement of profit or loss and other comprehensive income are translated at average exchange rates (unless that is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of any net investment in foreign entities, and of borrowings and other financial instruments designated as hedges of such investments, are recognised in other comprehensive income. When a foreign operation is sold or any borrowings forming part of the net investment are repaid, the associated exchange differences are reclassified to profit or loss, as part of the gain or loss on sale.

#### **(e) Revenue recognition**

##### *Sale of commodities*

Revenue from gold concentrate sales is recognised when the Group satisfies its performance obligations under its contract by transferring such goods to the customer's control. Control is generally determined to be when the customer has the ability to direct the use of and obtain substantially all of the remaining benefits from that good.

##### *Interest*

Interest revenue is recognised on a time proportionate basis that considers the effective yield on the financial assets.

##### *Other income*

All other income is recognised when the right to receive other income is established.

All revenue is stated net of the amount of goods and services tax.

#### **(f) Government grants**

Grants from the government, including exploration incentives and the COVID-19 cashflow boost, are recognised at their fair value where there is a reasonable assurance that the grant will be received, and the Group will comply with all attached conditions. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs it is compensating. Grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the asset on a straight-line basis.

#### **(g) Income tax**

The income tax expense or revenue for the year is the tax payable on the current year's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively. No deferred tax is recognised for the carried forward losses as the Group considers there will be no taxable profit available to offset such brought forward tax losses in the future.

#### (h) Leases

The Group leased office premises with a three-year term that expired during the year. Upon commencement of the lease the Group recognised a lease liability for this lease, measured at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rate, being 10%.

Where the Group is lessee, the Group recognises a right-of-use asset and a corresponding liability at the date at which the lease asset is available for use by the Group. Each lease payment is allocated between the liability and the finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

The Group's expired office lease agreement did not contain any extension options.

Right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received, and any initial direct costs.

Where the terms of a lease require the Group to restore the underlying asset, or the Group has an obligation to dismantle and remove a leased asset, a provision is recognised and measured in accordance with AASB 137. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset.

Where leases have a term of less than 12 months or relate to low value assets the Group may apply exemptions in AASB 16 to not capitalise any such leases and instead recognise the lease payments on a straight-line basis as an expense in profit or loss.

#### **(i) Impairment of non-financial assets**

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting period.

#### **(j) Cash and cash equivalents**

For statement of cash flows presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

#### **(k) Investments and other financial assets**

##### ***(i) Classification***

The Group classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through OCI or through profit or loss); and
- Those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI). All of the Group's financial assets are classified at fair value through profit or loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *(ii) Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

#### *(iii) Measurement*

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (**FVPL**), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### *Debt instruments*

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income or expenses. Impairment losses are presented as a separate line item in the statement of profit or loss.
- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or expenses. Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other income or expenses and impairment losses are presented as a separate line item in the statement of profit or loss.
- **FVPL:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and presented net within other income or expenses in the period in which it arises.

#### *Equity instruments*

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payment is established.

Changes in the fair value of financial assets at FVPL are recognised in other income or expenses in the statement of profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **(iv) Impairment**

The Group assesses, on a forward looking basis, the expected credit losses associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology depends on whether there has been a significant increase in credit risk.

#### **(l) Plant and equipment**

All plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the reporting period in which they are incurred.

Depreciation of plant and equipment is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives or, in the case of leasehold improvements and certain leased plant and equipment, the shorter lease term. The rates vary between 25% and 40% per annum.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 1(i)). Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss and other comprehensive income.

#### **(m) Exploration and evaluation costs**

It is the Group's policy to capitalise the cost of acquiring rights to explore areas of interest. All other exploration expenditure is expensed to the statement of profit or loss and other comprehensive income.

The costs of acquisition are carried forward as an asset provided one of the following conditions is met:

- Such costs are expected to be recouped through the successful development and exploitation of the area of interest, or alternatively, by its sale; or
- Exploration activities in the area of interest have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in relation to the area are continuing. When the technical feasibility and commercial viability of extracting a mineral resource have been demonstrated then any capitalised exploration and evaluation expenditure is reclassified as capitalised mine development. Prior to reclassification, capitalised exploration and evaluation expenditure is assessed for impairment.

#### **Impairment**

The carrying value of capitalised exploration and evaluation expenditure is assessed for impairment at the cash generating unit level whenever facts and circumstances suggest that the carrying amount of the asset may exceed its recoverable amount.

An impairment exists when the carrying amount of an asset or cash-generating unit exceeds its estimated recoverable amount. Any impairment losses are recognised in the statement of profit or loss and other comprehensive income.

#### **(n) Trade and other payables**

These amounts represent liabilities for goods and services provided to the Group prior to and unpaid at the end of the financial year. The amounts are unsecured, non-interest bearing and are paid on normal commercial terms.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (o) Employee benefits

##### *Wages and salaries and annual leave*

Liabilities for wages and salaries, including non-monetary benefits, and annual leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

##### *Other long-term employee benefit obligations*

The group also has liabilities for long service leave that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. These obligations are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period of high-quality corporate bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### (p) Share-based payments

The Group may provide benefits to employees (including directors) of the Group, and to vendors and suppliers, in the form of share-based payment transactions, whereby employees or service providers render services, or where vendors sell assets to the Group, in exchange for shares or rights over shares ('equity-settled transactions'), refer to note 26.

The cost of these equity-settled transactions in the case of employees is measured by reference to the "fair value" (not market value) at the date at which they are granted. The "fair value" is determined in accordance with Australian Accounting Standards by an internal valuation using a Black-Scholes (or other industry accepted) option pricing model for options and by reference to market price for ordinary shares. The Directors do not consider the resultant value as determined by the Black-Scholes European Option Pricing Model (or any other model) is necessarily representative of the market value of the share options issued, however, in the absence of a reliable measure of the goods or services received, AASB 2 *Share Based Payments* prescribes the measurement of the fair value of the equity instruments granted. The Black-Scholes European Option Pricing Model is an industry accepted method of valuing equity instruments.

The cost of remuneration equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which any performance conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award ('vesting date'). The cumulative expense recognised for equity-settled transactions at each reporting date until vesting date reflects (i) the extent to which the vesting period has expired and (ii) the number of options that, in the opinion of the directors of the Group, will ultimately vest. This opinion is formed based on the best available information at balance date. No adjustment is made for the likelihood of market performance conditions being met as the effect of these conditions is included in the determination of fair value at grant date.

No expense is recognised for options that do not ultimately vest, except for options where vesting is conditional upon a market condition.

Where an option is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the option is recognised immediately. However, if a new option is substituted for the cancelled option and designated as a replacement option on the date that it is granted, the cancelled and new option are treated as a modification of the original option.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **(q) Provision for rehabilitation**

The Group records the estimated cost to rehabilitate operating locations in the period in which the obligation arises on an undiscounted basis. The nature of rehabilitation activities includes the dismantling and removing of structures, rehabilitating mines, dismantling operating facilities, closure of plant and waste sites and restoration, reclamation and revegetation of affected areas.

Typically, the obligation arises when the asset is installed, or the ground/environment is disturbed at the production location. When the liability is initially recorded, the value of the estimated cost of eventual rehabilitation is capitalised by increasing the carrying amount of the related mining assets. Additional disturbances or changes in rehabilitation costs will be recognised as additions or changes to the corresponding asset and rehabilitation liability when incurred.

Costs incurred that relate to an existing condition caused by past operations, and do not have future economic benefit, are expensed as incurred.

#### **(r) Issued capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options for the acquisition of a business are not included in the cost of the acquisition as part of the purchase consideration.

#### **(s) Earnings per share**

##### *(i) Basic earnings per share*

Basic earnings per share is calculated by dividing the profit or loss attributable to owners of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

##### *(ii) Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

#### **(t) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

#### **(u) Comparative figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (v) Critical accounting judgements, estimates and assumptions

The preparation of these financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are:

##### ***Exploration and evaluation costs***

The costs of acquiring rights to explore areas of interest are capitalised, all other exploration and evaluation costs are expensed as incurred.

These costs of acquisition are carried forward only if they relate to an area of interest for which rights of tenure are current and in respect of which: (i) such costs are expected to be recouped through successful development and exploitation or from sale of area; or (ii) exploration and evaluation activities in the area have not yet reached a stage that permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active operations in, or relating to, the area are continuing.

When an area of interest is abandoned or the directors decide that it is not commercial, any capitalised acquisition costs in respect of that area are written off in the financial year the decision is made.

##### ***Taxation***

Balances disclosed in the financial statements and the notes thereto related to taxation are based on the best estimates of the directors. These estimates consider both the financial performance and position of the Group as they pertain to current income taxation legislation, and the directors understanding thereof. No adjustment has been made for pending or future taxation legislation. The current income tax position represents that directors' best estimate, pending an assessment by the Australian Taxation Office.

##### ***Share-based payments***

Share-based payment transactions, in the form of options to acquire ordinary shares, are valued using the Black-Scholes option pricing model. This model uses assumptions and estimates as inputs.

The Directors do not consider the resultant value as determined by the Black-Scholes European Option Pricing Model is necessarily representative of the market value of the share options issued, however, in the absence of a reliable measure of the goods or services received, AASB 2 *Share Based Payments* prescribes the measurement of the fair value of the equity instruments granted. The Black-Scholes European Option Pricing Model is an industry accepted method of valuing equity instruments, at the date of grant.

##### ***Impairments***

The Group assesses impairment at the end of each reporting period by evaluating conditions and events specific to the Group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using the directors' best estimate of the asset's fair value, which can incorporate various key assumptions.

Any amounts in excess of the fair value are impaired, in line with accounting policy disclosures in notes 1(i), 1(k) and 1(l).

##### ***Provision for rehabilitation***

The Group assesses its mine rehabilitation provision half-yearly in accordance with accounting policy note 1(q). Significant judgement is required in determining the provision primarily relating to the estimation of costs in the Mine Closure Plan that is lodged with the Department of Mines, Industry Regulation and Safety.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 2: FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk.

Risk management is carried out by the full Board of Directors as the Group believes that it is crucial for all board members to be involved in this process.

#### (a) Market risk

##### (i) Foreign exchange risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the A\$, the US dollar and the West African CFA franc.

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the entity's functional currency and net investments in foreign operations. The Group has not formalised a foreign currency risk management policy however, it monitors its foreign currency expenditure in light of exchange rate movements.

The functional currency of the Group's West African based subsidiary company is the West African CFA franc. Given the current scale of the operations in West Africa, the foreign exchange exposure is not considered to be material to the Group.

##### (ii) Price risk

The Group is exposed to equity securities price risk. This arises from investments held by the Group and classified in the statement of financial position as financial assets at fair value through profit or loss. Given the current level of operations, the Group's financial statements for the year ended 30 June 2021 are not exposed to commodity price risk.

To minimise the risk, the Group's investments are of high quality and are publicly traded on reputable international stock exchanges. The investments are managed on a day to day basis so as to pick up any significant adjustments to market prices.

##### *Sensitivity analysis*

At 30 June 2021, if the value of the equity instruments had increased by 15% with all other variables held constant, post-tax loss for the Group would have been \$47,257 lower, with no changes to other equity balances, as a result of gains on equity securities classified as financial assets at fair value through profit or loss (2020: \$71,962 lower).

At 30 June 2021, if the value of the equity instruments had decreased by 15% with all other variables held constant, post-tax loss for the Group would have been \$47,257 higher, with no changes to other equity balances, as a result of losses on equity securities classified as financial assets at fair value through profit or loss (2020: \$71,962 higher).

##### (iii) Interest rate risk

The Group is exposed to movements in market interest rates on cash and cash equivalents. The Group policy is to monitor the interest rate yield curve out to six months to ensure a balance is maintained between the liquidity of cash assets and the interest rate return. The entire balance of cash and cash equivalents for the Group \$3,247,637 (2020: \$4,712,409) is subject to interest rate risk. The weighted average interest rate received on cash and cash equivalents by the Group was 0.12% (2020: 0.22%).

##### *Sensitivity analysis*

At 30 June 2021, if interest rates had changed by -10 basis points from the weighted average rate for the year with all other variables held constant, post-tax loss for the Group would have been \$4,398 lower (2020: -10 basis points \$1,035 lower) as a result of lower or higher interest income from cash and cash equivalents.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 2: FINANCIAL RISK MANAGEMENT (CONTINUED)

At 30 June 2021, if interest rates had changed by +10 basis points from the weighted average rate for the year with all other variables held constant, post-tax loss for the Group would have been \$4,398 higher (2020: +10 basis points \$1,035 higher) as a result of lower or higher interest income from cash and cash equivalents.

#### (b) Credit risk

The Group has no significant concentrations of credit risk. The maximum exposure to credit risk at balance date is the carrying amount (net of provision for impairment) of those assets as disclosed in the statement of financial position and notes to the financial statements.

All surplus cash holdings within the Group are currently invested with AA- rated financial institutions.

#### (c) Liquidity risk

The Group manages liquidity risk by continuously monitoring forecast and actual cash flows and ensuring sufficient cash and marketable securities are available to meet the current and future commitments of the Group. Due to the nature of the Group's activities, being mineral exploration, the Group does not have ready access to credit facilities, with the primary source of funding being equity raisings. The Board of Directors constantly monitor the state of equity markets in conjunction with the Group's current and future funding requirements, with a view to initiating appropriate capital raisings.

The financial liabilities of the Group are confined to trade and other payables as disclosed in the statement of financial position. All trade and other payables are non-interest bearing and due within 12 months of the reporting date.

#### (d) Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. The equity investments held by the Group are classified at fair value through profit or loss. The market value of all equity investments (shares in Tariji) represents the fair value based on quoted prices on active markets (TSX) as at the reporting date without any deduction for transaction costs. These investments are classified as level 1 financial instruments.

The carrying amounts and estimated fair values of financial assets and financial liabilities are as follows:

	Consolidated	
	2021	2020
	\$	\$
<b>Financial Assets</b>		
Cash and cash equivalents	3,247,637	4,712,409
Trade and other receivables	36,517	62,593
Financial assets	315,048	479,745
<b>Total Financial Assets</b>	<b>3,599,202</b>	<b>5,254,747</b>
<b>Financial Liabilities</b>		
Trade and other payables	245,602	717,665
Lease liabilities	-	26,517
Borrowings	69,842	70,464
<b>Total Financial Liabilities</b>	<b>315,444</b>	<b>814,646</b>

The methods and assumptions used to estimate the fair value of financial instruments are outlined below:

#### Cash

The carrying amount is fair value due to the liquid nature of these assets.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 2: FINANCIAL RISK MANAGEMENT (CONTINUED)

#### *Receivables/Payables/Borrowings*

Due to the short-term nature of these financial rights and obligations, their carrying amounts are estimated to represent their fair values.

#### *Fair value measurements of financial assets*

The carrying values of financial assets and liabilities of the Group approximate their fair values. Fair values of financial assets and liabilities have been determined for measurement and / or disclosure purposes.

#### *Fair value hierarchy*

The Group classifies assets and liabilities carried at fair value using a fair value hierarchy that reflects the significance of the inputs used in determining that value. The following table analyses financial instruments carried at fair value by the valuation method. The different levels in the hierarchy have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
<b>30 June 2021</b>				
Financial assets	315,048	-	-	315,048
<b>Total as at 30 June 2021</b>	<b>315,048</b>	-	-	<b>315,048</b>

<b>Total as at 30 June 2020</b>	<b>479,745</b>	-	-	<b>479,745</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 3: SEGMENT INFORMATION

For management purposes, the Group has identified two reportable segments, being exploration activities undertaken in (i) Australia and (ii) West Africa. These segments include activities associated with the determination and assessment of the existence of commercial economic reserves from the Group's mineral assets in these geographic locations.

Segment performance is evaluated based on the operating profit and loss and cash flows and is measured in accordance with the Group's accounting policies.

	Consolidated	
	2021	2020

Tax effect of current year tax losses for which no deferred tax asset has been recognised	1,940,049	959,261
Income tax expense	-	-

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

	Consolidated	
	2021	2020
	\$	\$
<b>6: INCOME TAX (CONTINUED)</b>		
<b>(c) Unrecognised temporary differences</b>		
<b>Deferred Tax Assets (at 30% (2020: 27.5%))</b>		
Capital raising costs	131,153	170,668
Financial assets	84,103	105,467
Other temporary differences	48,731	29,307
Carry forward foreign losses	7,814,947	7,218,679
Carry forward tax losses	7,356,925	4,881,038
<b>Deferred Tax Liabilities (at 30% (2020: 27.5%))</b>		
Tenement acquisition costs	(502,797)	(369,739)
<b>Net deferred tax assets</b>	<b>14,933,062</b>	<b>12,035,420</b>

Net deferred tax assets have not been brought to account as it is not probable within the immediate future that tax profits will be available against which deductible temporary differences and tax losses can be utilised. The Group's ability to use losses in the future is subject to the Group satisfying the relevant tax authority's criteria for using these losses.

In April 2017, the Australian Government enacted legislation which reduces the corporate rate for small and medium business (base rate) entities from 30% to 25% over the next decade. For the 2017 financial year the corporate tax rate reduced to 27.5% for small business entities with turnover less than \$10 million. This turnover threshold progressively increased until it reached \$50 million in the 2020 financial year. For the 2021 financial year, the tax rate has decreased to 26% and then 25% for the 2022 and later financial years. Middle Island Resources Limited satisfied the criteria to be a base rate entity for the 2020 financial year but not for the 2021 financial year.

## 7: CURRENT ASSETS - CASH AND CASH EQUIVALENTS

Cash at bank and in hand	3,206,877	4,671,649
Short-term deposits	40,760	40,760
Cash and cash equivalents as shown in the statement of financial position and the statement of cash flows	<b>3,247,637</b>	<b>4,712,409</b>

Cash and cash equivalents at 30 June 2021 comprise A\$3,045,279 (2020: A\$4,707,819), with the balance held in West African CFA francs.

Cash at bank and in hand earns interest at floating rates based on daily bank deposit rates.

Short-term deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group and earn interest at the respective short-term deposit rates.

The Group has provided a bank guarantee of \$20,760 for a property lease.

## 8: CURRENT ASSETS - TRADE AND OTHER RECEIVABLES

Trade Debtors <sup>(1)</sup>	29,980	58,628
Other	6,537	3,965
	<b>36,517</b>	<b>62,593</b>

(1) The Group assesses, on a forward-looking basis, the expected credit losses associated with trade debtors. All amounts recorded at balance date are considered recoverable in full.

Net book amount	<b>126,929</b>	<b>1,926,610</b>	<b>2,053,539</b>

Plant and equipment associated with the Sandstone gold project with a net book value at 30 June 2021 of \$1,912,170 (2020: \$1,912,170) is on care and maintenance. An impairment assessment has been performed as required under the accounting standards with no impairment being recorded. The carrying value of plant and equipment is lower than its net realisable value.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

		Consolidated	
	Notes	2021 \$	2020 \$
<b>11: LEASES</b>			
<b>(a) Amounts recognised in the statement of financial position</b>			
The statement of financial position shows the following amounts relating to leases:			
<b>Right-of-use assets</b>			
Buildings		-	28,545
<b>Lease liabilities</b>			
Current		-	26,517

There were no additions to right-of-use assets during the 2021 financial year.

### **(b) Amounts recognised in the statement of profit or loss and other comprehensive income**

The statement of profit or loss and other comprehensive income shows the following amounts relating to leases:

#### **Depreciation charge of right-of-use assets**

Buildings		28,545	38,026
Interest expense (included in finance cost)	5	1,003	4,666

The total cash outflow for leases in 2021 was \$27,520 (2020: \$41,280).

### **(c) The Group's leasing activities**

The Group leased office premises with a two-year term that expired during the year. An extension was negotiated to lease the premises for a further eight months expiring 30 November 2021. This extension has been classified as a short-term lease with the lease payments recognised on a straight-line basis as an expense in profit or loss.

## **12: NON-CURRENT ASSETS – TENEMENT ACQUISITION COSTS**

Tenement acquisition costs carried forward in respect of mining areas of interest

Opening net book amount	1,525,989	1,327,754
Additions <sup>(1)</sup>	150,000	16,752
Increase in rehabilitation provision	-	181,483
Closing net book amount	1,675,989	1,525,989

(1) During the year the Group exercised the option under the Wirraminna Option Agreement to acquire tenement P57/1395, comprising part of the Sandstone gold project. The exercise price of the option agreement was \$150,000 comprising \$100,000 in cash and \$50,000 in fully paid ordinary shares (refer note 15(b)).

## **13: CURRENT LIABILITIES - TRADE AND OTHER PAYABLES**

Trade payables	40,107	543,410
Other payables and accruals	205,495	174,255

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

	Consolidated	
	2021	2020
	\$	\$
<b>14: NON-CURRENT LIABILITIES - PROVISIONS</b>		
Rehabilitation		
Carrying amount at start of year	1,384,900	1,203,417
Additional provision charged to tenement acquisition costs	-	181,483
Carrying amount at end of year	<b>1,384,900</b>	<b>1,384,900</b>

The Group records the undiscounted estimated cost to rehabilitate operating locations in the period in which the obligation arises. The nature of rehabilitation activities includes the dismantling and removing of structures, rehabilitating mines, dismantling operating facilities, closure of plant and waste sites and restoration, reclamation and revegetation of affected areas. The provision includes rehabilitation costs associated with the Sandstone Gold Project based on the latest estimated future costs contained in the Mine Closure Plan (MCP) lodged with the Government of Western Australia Department of Mines, Industry Regulation and Safety (DMIRS). An updated MCP was lodged with DMIRS during November 2019 containing an updated estimate of the closure costs, resulting in an increase to the provision during the 2020 financial year. A revised MCP is scheduled to be submitted to DMIRS prior to November 2021.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 15: ISSUED CAPITAL (CONTINUED)

- (1) A total of \$42,763 had been received prior to 30 June 2020 for option exercises for which the shares were not issued until July 2020.
- (2) A resolution was approved by shareholders at the 2020 AGM to issue 7,500,000 Redeemable Converting Shares (**RC Shares**) to Mr Brad Marwood, a Director of the Company, in lieu of directors' fees for the period 2 December 2019 to 1 December 2020 to the value of \$30,000 (calculated by reference to the market value of the Company's ordinary fully paid securities as at the date Mr Marwood's entitlement to the shares was established subject to shareholder approval). The issue price of the RC Shares was set at \$0.004 being the price at which the Company's shares were trading when Mr Marwood joined the Board. The RC Shares were issued to Mr Marwood on 27 November 2020. On 2 December 2020, the RC Shares converted into fully paid ordinary shares. The closing price of ordinary fully paid shares in the Company on the date of the Annual General Meeting was \$0.014. For accounting purposes, that date was the grant date of the RC Shares, and the fair value at that date of each RC Share was \$0.014 for a total fair value of \$105,000. The fair value on grant of the RC Shares was initially recorded in the Share-based Payments Reserve and then transferred to Contributed Equity upon conversion into fully paid ordinary shares. The settlement of this liability by the issue of the RC Shares has resulted in a net loss, for accounting purposes, resulting from the increase in the value of the Company's shares between the time of Mr Marwood's appointment (being the date he became conditionally entitled to) and the grant date of the RC Shares. This net loss is recognised in the profit or loss for the year of \$75,000.
- (3) A resolution was approved by shareholders at the 2020 AGM to convert every 23 shares into 1 share. The effective date for the consolidation was 7 December 2020.

#### (c) Movements in options on issue

	Number of options	
	2021	2020
Beginning of the financial year	1,111,482,023	378,950,719
Issued, exercisable at 0.79 cents, on or before 31 January 2022	-	130,000,000
Issued, exercisable at 0.77 cents, on or before 31 January 2022	6,250,000	613,426,078
Exercised at 0.79 cents, expiring on 31 January 2022	(225,682,326)	(1,351,641)
Exercised at 0.77 cents, expiring on 31 January 2022	(367,740,413)	(9,543,133)
Adjustment for 1:23 share consolidation	(501,513,108)	-
Exercised at 18.17 cents, expiring on 31 January 2022	(963,639)	-
Exercised at 17.71 cents, expiring on 31 January 2022	(220,874)	-
End of the financial year	<b>21,611,663</b>	1,111,482,023

Options on issue are comprised of:

Exercisable at \$0.6877 (2020: \$0.0299), expiring 8 November 2021	1,304,349	30,000,000
Exercisable at \$0.1817 (2020: \$0.0079), expiring 31 January 2022	9,989,324	477,599,078
Exercisable at \$0.1771 (2020: \$0.0077), expiring 31 January 2022	10,317,990	603,882,945
	<b>21,611,663</b>	1,111,482,023

#### (d) Ordinary shares

Ordinary fully paid shares entitle the holder to participate in dividends and the proceeds on winding up of the Company in proportion to the number of the shares held.

On a show of hands every holder of ordinary fully paid shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll is entitled to one vote for each share held.

Ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 15: ISSUED CAPITAL (CONTINUED)

#### (e) Capital risk management

The Group's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it may strive to provide returns for shareholders and benefits for other stakeholders.

Due to the nature of the Group's activities, being mineral exploration, the Group does not have ready access to credit facilities, with the primary source of funding being equity raisings. Therefore, the focus of the Group's capital risk management is the current working capital position against the requirements of the Group to meet exploration programmes and corporate overheads. The Group's strategy is to ensure appropriate liquidity is maintained to meet anticipated operating requirements, with a view to initiating appropriate capital raisings as required. The working capital position of the Group at 30 June 2021 and 30 June 2020 are as follows:

	Consolidated	
	2021	2020
	\$	\$
Cash and cash equivalents	3,247,637	4,712,409
Trade and other receivables	36,517	62,593
Financial assets	315,048	479,745
Trade and other payables	(245,602)	(717,665)
Lease liabilities	-	(26,517)
Borrowings	(69,842)	(70,464)
Employee benefits obligations - current	(99,192)	(79,964)
Working capital position	<b>3,184,566</b>	<b>4,360,137</b>

### 16: RESERVES AND ACCUMULATED LOSSES

#### (a) Reserves

Foreign currency translation reserve	433,800	435,786
Share-based payments reserve (see note 26)	90,000	197,500
	<b>523,800</b>	<b>633,286</b>

#### (b) Nature and purpose of reserves

##### (i) Foreign currency translation reserve

Exchange differences arising on translation of the foreign controlled entity are recognised in other comprehensive income as described in note 1(d) and accumulated within a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed.

##### (ii) Share-based payments reserve

The share-based payments reserve is used to recognise the fair value of options issued.

### 17: DIVIDENDS

No dividends were paid during the financial year. No recommendation for payment of dividends has been made.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 18: REMUNERATION OF AUDITORS

During the year the following fees were paid or payable for services provided by the auditor of the Company, its related practices and non-related audit firms:

	Consolidated	
	2021	2020
	\$	\$
<b>(a) Audit services</b>		
Elderton Audit Pty Ltd – audit and review of financial reports	34,208	31,700
Total remuneration for audit services	<b>34,208</b>	31,700
<b>(b) Non-audit services</b>		
Elderton Audit Pty Ltd – taxation compliance services	4,500	2,900
Total remuneration for other services	<b>4,500</b>	2,900

### 19: CONTINGENCIES

The purchase price for the Sandstone Gold Project included a deferred payment of \$500,000 payable within 28 days of the receipt of proceeds from the first sale of gold produced from the Sandstone Assets. This payment is contingent on the production and sale of gold from the Sandstone Assets.

The Sandstone tenements were acquired subject to legacy royalties, including a royalty equal to 2% of the net smelter return on all minerals produced from M57/128 and M57/129 and a royalty of A\$1 per tonne of ore mined and treated from M57/129. On 1 July 2021 these royalties were terminated in exchange for the Group paying the sum of \$250,000.

There may be a further legacy royalty payable in relation to the tenements acquired by the Company. Pursuant to an Agreement (Deed of Sale – Sandstone) dated 27 September 2004 (Sale Deed) a royalty may be payable in relation to a portion of any gold produced from the Sandstone tenements. Royalties payable under the Sale Deed are to be calculated using a complex formula driven by the specific tenements from which gold is produced, the “deemed entitlement to gold” of persons having a 33.3% participating interest in “the Sandstone Joint Venture”, and a royalty rate of \$12.50 per ounce of gold. Eighty six tenements are covered by the Sale Deed, only two of which were acquired by the Company. The Company’s understanding is that the Sandstone Joint Venture no longer exists. The royalty only commences when 50,000 ounces of gold have been produced across the eighty six tenements and it ceases when \$4 million has been paid in total across the eighty six tenements under the Sale Deed. Accordingly, depending on how much gold has been produced from the other eighty four tenements and the status of the Sandstone Joint Venture, it is possible that a \$12.50 royalty per ounce of gold produced is payable on 1/3 of the gold produced from certain portions of the tenements acquired by the Company. The Company will inform the market if and as soon as the status of that potential further royalty has been resolved.

### 20: COMMITMENTS

#### Exploration commitments

The Group has certain (contingent) commitments to meet minimum expenditure requirements on the mining exploration assets it has an interest in. Outstanding exploration commitments, which the Group has the right to vary by such methods as applying for exemptions, surrendering tenements, relinquishing portions of tenements or entering farm-out arrangements, are as follows:

	Consolidated	
	2021	2020
	\$	\$
within one year	458,960	233,360
later than one year but not later than five years	1,910,000	895,160
later than five years	1,344,750	1,280,700
	<b>3,713,710</b>	2,409,220

### 21: RELATED PARTY TRANSACTIONS

#### (a) Parent entity

The ultimate parent entity within the Group is Middle Island Resources Limited.

#### (b) Subsidiaries

Interests in subsidiaries are set out in note 22.

#### (c) Key management personnel compensation

Short-term benefits	368,042	303,577
Post-employment benefits	34,964	28,839
Other long-term benefits	-	-
Termination benefits	-	-
Share-based payments	-	-
	<b>403,006</b>	<b>332,416</b>

Detailed remuneration disclosures are provided in the remuneration report on pages 4 to 8.

#### (d) Transactions and balances with other related parties

DWCorporate Pty Ltd, a business of which Mr Wilkins is principal, provided company secretarial and corporate advisory services to the Middle Island Group during the year. The amounts paid were on arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Wilkins' compensation for the period that Mr Wilkins was a member of KMP.

Quenda Investments Pty Ltd ("Quenda"), a company of which Mr Yeates is a director and shareholder, lent securities held in Middle Island Resources Limited to the provider of a controlled placement facility during the current reporting period for which Quenda was paid a stock borrow fee of \$4,500 for the year ended 30 June 2021 (2020: \$6,000). The amounts paid were on arms' length commercial terms. At 30 June 2021 there was nil (2020: \$500) owing to Quenda Investments Pty Ltd.

In addition to his director fees, Mr Thomas was paid \$6,000 (2020: \$3,000) for the provision of some of the special exertion services he provided to the Group during the year. The amounts paid were less than arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Thomas' compensation. At 30 June 2021 there was nil (2020: nil) owing to Mr Thomas for the provision of further special exertion services as no invoice for the same was then submitted to the Group.

In addition to his director fees, a total of \$11,200 was paid to Sahara (2020: \$41,440 paid to E2M Ltd), a business controlled or jointly controlled by Mr Nicholls. Sahara (2020: E2M Ltd) provided geological consulting services to the Group during the year. The amounts paid were on arms' length commercial terms and are disclosed in the remuneration report in conjunction with Mr Nicholls' compensation for the period that Mr Nicholls was a member of KMP. At 30 June 2021 there was nil owed to Sahara (2020: \$6,560 owed to E2M Ltd) for the provision of geological consulting services.

#### (e) Loans to related parties

Middle Island Resources Limited has provided unsecured, interest free loans to each of its wholly owned subsidiaries totalling \$28,722,053 at 30 June 2021 (2020: \$23,070,723). An impairment assessment is undertaken each financial year by examining the financial position of the subsidiary and the market in which the subsidiary operates to determine whether there is objective evidence that the subsidiary is impaired. When such objective evidence exists, the Company recognises an allowance for the impairment loss. Total provision for impairment against these loans is \$26,504,621 at 30 June 2021 (2020: \$21,415,420) for a net balance of \$2,217,432 at 30 June 2021 (2020: \$1,655,303).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 22: SUBSIDIARIES

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy described in note 1(b):

Name	Country of Incorporation	Class of Shares	Equity Holding <sup>(1)</sup>	
			2021 %	2020 %
Middle Island Resources Limited – Burkina Faso SARL	Burkina Faso	Ordinary	100	100
Middle Island Resources Limited – Sandstone Operations Pty Ltd	Australia	Ordinary	100	100
Middle Island Resources Limited – Barkly Operations Pty Ltd	Australia	Ordinary	100	100

(1) The proportion of ownership interest is equal to the proportion of voting power held.

### 23: EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

During July 2021 the Company announced that the position of Managing Director had become redundant. Mr Rick Yeates ceased serving as a director and employee of the Company on 13 July 2021 when Mr Bruce Stewart was appointed as a non-executive director and Mr Brad Marwood assumed executive duties, on a temporary part-time basis.

The Group continues to pursue opportunities to realise a return from its Sandstone assets by continuing to explore the project's potential to deliver new discoveries and seeking to amalgamate proximal holdings and resources through acquisitions and/or corporate activity.

No other matters or circumstances have arisen since the end of the year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

### 24: STATEMENT OF CASH FLOWS

	Consolidated	
	2021 \$	2020 \$
<b>(a) Reconciliation of net loss after income tax to net cash outflow from operating activities</b>		
Net loss for the year	(6,821,170)	(3,174,737)
<b>Non-cash items</b>		
Depreciation of non-current assets	34,540	47,311
Loss on settlement of liability	75,000	-
Director fees settled through the issue of securities	30,000	-
Net exchange differences	(1,888)	(4,429)
<b>Change in operating assets and liabilities</b>		
Decrease/(increase) in trade and other receivables	26,076	(9,765)
Decrease/(increase) in financial assets at fair value through profit or loss	572,814	(99,995)
(Decrease)/increase in trade and other payables	(472,063)	613,239
Increase in employee benefit obligations	19,329	24,059
<b>Net cash outflow from operating activities</b>	<b>(6,537,362)</b>	<b>(2,604,317)</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 26: SHARE-BASED PAYMENTS (CONTINUED)

Set out below are summaries of the options granted (as 30 June in the stated years):

	Consolidated			
	2021	2020	2021	2020
	Number of options	Weighted average exercise price cents	Number of options	Weighted average exercise price cents
Outstanding at the beginning of the financial year	55,000,000	2.0	30,000,000	3.0
Granted	-	-	25,000,000	0.8
Forfeited/cancelled	-	-	-	-
Exercised	(25,000,000)	0.8	-	-
Expired/lapsed	-	-	-	-
Adjustment for 1:23 share consolidation	(28,695,651)	68.8	-	-
Outstanding at year-end	1,304,349	68.8	55,000,000	2.0
Exercisable at year-end	1,304,349	68.8	55,000,000	2.0

The options granted during 2020 were to the underwriter of the Company's Entitlements Issue completed in February 2020, with these options exercised during the 2021 year.

The weighted average remaining contractual life of share options outstanding at the end of the financial year was 0.4 years (2020: 1.5 years), and the exercise price is 68.77 cents per option (post-consolidation pricing).

#### *Fair value of options granted*

No options were granted during the year. The weighted average "fair value" (not market value) of the options granted during the 2020 year was 0.4 cents per option. The price was calculated by using the Black-Scholes European Option Pricing Model applying the following inputs. The Directors do not consider the resultant value as determined by the Black-Scholes European Option Pricing Model is necessarily representative of the market value of the share options issued.

	2021	2020
Weighted average exercise price (cents)	-	0.8
Weighted average life of the options (years)	-	1.8
Weighted average underlying share price (cents)	-	0.6
Expected share price volatility	-	170.0%
Risk free interest rate	-	0.2%

Historical volatility has been used as the basis for determining expected share price volatility as it assumed that this is indicative of future trends, which may not eventuate. The life of the options is based on historical exercise patterns, which may not eventuate in the future.

#### **b) Expenses arising from share-based payment transactions**

Total expenses arising from share-based payment transactions recognised during the year were as follows:

	Consolidated	
	2021	2020
	\$	\$
Options granted to/vesting with suppliers as part of share issue transaction costs	-	107,500
Total share-based payments	-	107,500

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 27: PARENT ENTITY INFORMATION

The following information relates to the parent entity, Middle Island Resources Limited, at 30 June 2021. The information presented here has been prepared using accounting policies consistent with those presented in Note 1.

	<b>2021</b>	<b>2020</b>

<b>Total comprehensive loss for the year</b>	<b>(7,018,758)</b>	(2,955,357)

## DIRECTORS' DECLARATION

In the directors' opinion:

1. the financial statements and notes set out on pages 12 to 42 are in accordance with the *Corporations Act 2001*, including:
  - (a) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - (b) giving a true and fair view of the consolidated entity's financial position as at 30 June 2021 and of its performance for the financial year ended on that date;
2. there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable; and
3. a statement that the attached financial statements are in compliance with International Financial Reporting Standards has been included in the notes to the financial statements.

The directors have been given the declarations by the chief executive officer and chief financial officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the directors.

**Brad Marwood**  
Executive Director

Perth, 30 September 2021
