ASX Release – 15 December 2021

Barkly Exploration Licence Applications Successful

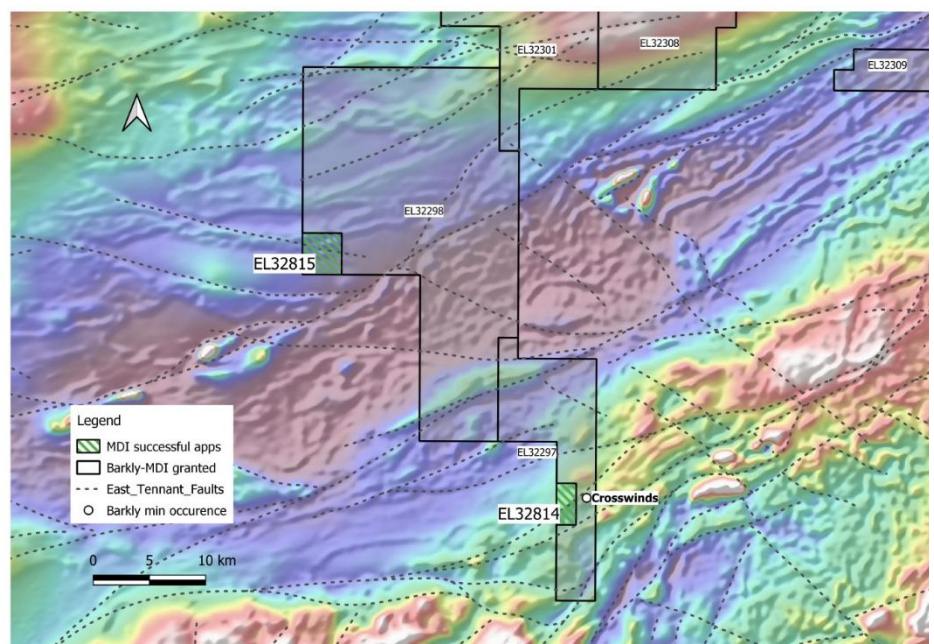

- Middle Island Resources Limited (MDI) secures additional Barkly tenure.
- Successful applications strategically located with respect to existing MDI Exploration Licences.

Middle Island Resources Limited is pleased to advise that its efforts to increase its holdings in the highly prospective Barkly Copper-Gold Super Project have been successful. MDI has been granted EL32815, located adjacent to the granted EL 32298, see the figure below.

In addition to the successful application and granting of EL 32815, MDI has been granted EL32814, successfully securing 2 blocks of 4 adjacent to the highly prospective Crosswinds prospect. MinEX CRC's National Drilling Initiative hole NDIBK10 intersected strong hematite altered basement 400m west of EL32814. MDI now has tenure at Barkly covering 4,360km² with an additional 1,150km² under application.
